RE: Gaming Partners International USA, Inc. and Showboat Atlantic City "Showboat" Petition #0341201- Approval for nine (9) Bud Jones non-value roulette chips, inlay numbers referenced as 1-9 pursuant to N.J.A.C. 13:69E 1.1(a)1.

Dear Ms. Hughes:

The staff of the Division of Gaming Enforcement's (Division) Regulatory Enforcement Bureau has reviewed the sample set of non-value gaming chips manufactured by Gaming Partners International USA, Inc. (GPI) for Showboat Atlantic City that were received in this office on March 16, 2012. Specifically, GPI, on behalf of Showboat, is seeking an approval of their non-value gaming chips for roulette.

The Division reviewed Petition #0341201 and its exhibits that included schematics showing the complete design, color and wording ("Showboat, Roulette and Atlantic City") that are contained on both sides of every chip within each set of non-value roulette chips as well as on the edges of each chip, so that the specific style of each non-value chip is able to be determined via a CCTV system. The review has found these items to be acceptable.

Based upon a physical review and analysis of sample non-value chips submitted to the Division and having conducted a physical inspection of the same chips utilizing a CCTV system, the non-value chips for Showboat Casino are acceptable for use.

Should you have any questions, please contact Bill Kendzierski or Robert Hudak of my staff at 441-7529.
